The Mike Ferrar Trio plays homage to this living legend by performing a set of material largely gathered from John's songbook. Mike Ferrar is an accomplished guitar player and composer based in the funky port town of Lyttelton. He has been playing guitar around New Zealand in a variety of situations and genres of music, from intimate jazz dates to large outdoor rock concerts and varied studio sessions.

Pete Fleming has been a regular in the jazz scene around New Zealand and in particular, Christchurch, for almost 15 years now. His music has also taken him all over the world from Finland to the USA and London to Barbados. Greg Donaldson is a well known session drummer and drum teacher who has performed at the Montreux Jazz Festival, toured New Zealand, Australia and Japan with Hayley Westenra, and has performed live with Fiona Pears, Dave Dobbyn, Anika Moa and Malcolm McNeill to name but a few.
